This class takes bad to a new level...

But how came the class can get the flag out of a sudden?
Could it have something to do with the ball-kicking girl?
Whatever! It saves me a lot of effort to have the right class prez chosen!
Aha! Isn't that Ms Wei Lan?
I just saw the cleaness ranking this week Congratulations Ms Wei!

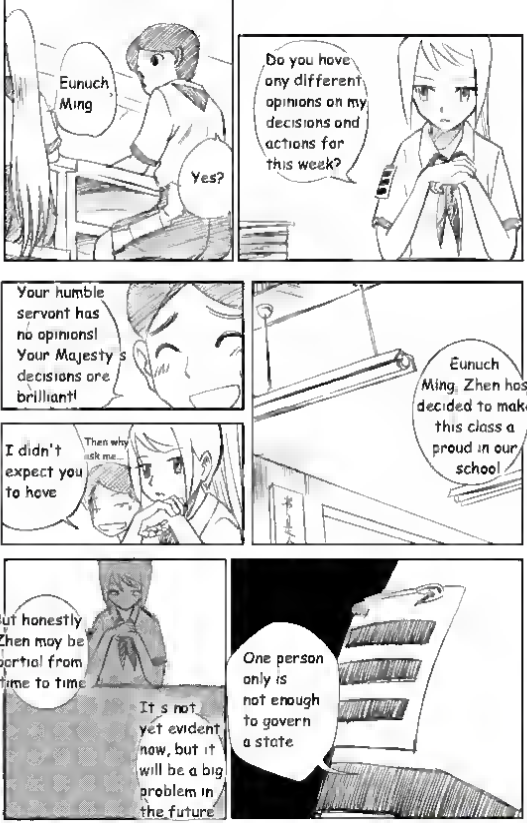
Ah! Almost forget the most important thing!
I was obsessed with the joy of getting the flag and completely forget
Ming! Trick Hua here, we can deal with her together! You can revenge that kick!
However
If you dare let her go on purpose or tell it out
Your death will be more painful than hers
What should I do? I dare to provoke neither.
It's killing me!
Eunuch Ming
Ah!
What're you worrying about?
It, it's nothing!
I was distracted a little!
Really?

U17.com



Eunuch Ming
Yes?
Do you hove any different opinions on my decisions and actions for this week?
Your humble servant has no opinions! Your Majesty's decisions are brilliant!
I didn't expect you to hove
Then why ask me...
Eunuch Ming, Zhen has decided to make this class a proud in our school
But honestly Zhen may be partial from time to time
It's not yet evident now, but it will be a big problem in the future
One person only is not enough to govern a state

Of course, nobody told me about it
He's at his big bro's place, to teach that bitch a lesson after school!
These people know it too!

Jun's big bro is really badass, he can beat many men on his own

Fuck off, we are nobody. He was against men from free combat team!
We can't let many people know it, otherwise we can't have our revenge!

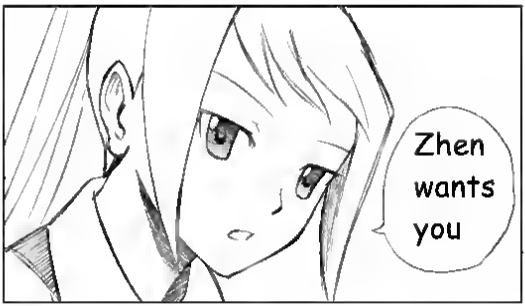
In this chapter art quality varied a lot between pages. As I mentioned before, this is the online free-to-view version, so you may experience some glitches in the early chapters (before the website decided to pay the author for it). From chapter 8 you shall not see those sketches again.



Also, in the Chinese version, the author attached some fan art pictures and made comments on them. Due to their irrelevance with the series, I will not translate or show them here.
Go to the official website

if you want to see them. (In Chinese, of course)
